

The world outside
...something different

Hike Bella Italia

Description

Day 1

The starting point is the beautiful Binntal. The trail climbs steadily from Fäld to the Binntal Hut. At the Albrunpass we leave Swiss territory and enter Italy. There are no border controls.

Just behind Lago di Devero we reach Crampiolo. Each cottage is unique and decorated with Italian flair. Here we enjoy the Italian ambience and spend the night in a guesthouse.

Day 2

The trail leads us back to the Binntal via the Geisspfad and from there back to Fiesch. The rustic trail leads us through a rarely used route. It is quite possible that a few ibexes will accompany us.
